A bed that turns into a sofa from Whitehead Designs

Model shown: **Sandringham**

With the Christmas season on its way, providing sleeping space for visiting family and friends can be difficult. The solution is Whitehead Designs which hand builds classic and contemporary upholstered furniture from the finest materials available, creating uniquely beautiful, bespoke pieces. Most of its models can be transformed into luxury sofa beds which provide more comfort than conventional sofa beds, giving you the choice of design to complement your living space.

- All Whitehead sofas are made to order and take about six weeks to produce from receipt of fabric.
- Christmas order deadline is 31st October.
- Using a three-fold action, they are available in a range of sizes, from 3ft to 6ft 6".
- Sleeping comfort is guaranteed with a four inch coil-sprung mattress that can be reversed for maximum wear, as well as wooden slats rather than webbed for a luxurious finish.
- Prices range from £2,500 excluding fabric.
- For more information, visit www.whiteheaddesigns.com.
